

Ana María Mejía Gil

LEAD EXPERIENCE DESIGNER UX SPECIALIST

ABOUT ME

- **12 Years** shaping digital products across finance, healthcare, education, and automotive. I work at the intersection of strategy and craft leading design processes end-to-end, from requirements and research to tested, documented delivery.
- I've driven design practice initiatives across global teams: establishing workflows, mentoring designers, and aligning cross-functional stakeholders in complex, agile environments.
- AI is part of how I work today. I use it daily, study it continuously, and stay current on tools, tradeoffs, and real-world applications.

TOP SKILLS

- **Leadership & Strategy:** Design Practice Leadership · Strategic Design · Design Ops · Agile Design Methodologies · Requirements Gathering · Stakeholder Negotiation · Prioritization · Scope & Effort Estimation · Resource & Capacity Planning · Pre-Sales Collaboration.
- **Discovery & Definition:** Design Research · Service Design · Expert UX Evaluations · Information Architecture · HCD Techniques · Collaborative Facilitation.
- **Craft & Delivery:** User Flows · UX/UI · Design Systems · Documentation · Proofs Of Concept · Accessibility · AI-Assisted Design · AI Agent Design.

PROFESSIONAL EXPERIENCE

- **Senior UX Designer at Globant · Jun 2021 - Today**
 - Led and perform UX design across 4 enterprise US clients (JM Family, Great Minds, Wolters Kluwer, Abbott), end-to-end from requirements through UI delivery, including design system contributions.
 - Collaborated with TLs, BAs, and POs on scoping, estimation, and prioritization; championed Design Ops and accessibility standards across teams.
 - Co-designed AI agents for UX writing and Research (Globant AI Enterprises); leveraged Claude, Make, and other AI tools to accelerate design exploration.
 - Conducted fit interviews, mentored designers, and facilitated critique and ideation sessions.
- **UX Project Manager at Ipsos Colombia · Aug 2020 - Jun 2021**
 - Orchestrated end-to-end design engagements across two organizations (Ipsos + Algoritmo), managing client approvals, vendor execution, cross-team alignment, and contributing to pre-sales planning, staffing, and project estimation.
 - Actively contributed to the development of Ipsos Colombia's UX practice framework, defining how the company would approach UX and testing projects across regions, reducing dependency on external vendors.
 - Evaluated and redesigned digital and physical experiences across healthcare, finance, retail, and technology.
- **Service and UX Designer at Xperience Design · Feb 2019 - May 2021**
 - Served as design lead and quality gate for all client deliverables; led UX and service design for Puntos Colombia while contributing to research and ideation across Bancolombia initiatives.
- **Service, UX Designer & Researcher at Nequi by Bancolombia · Mar 2017 - Aug 2018**
 - Led UX design for Nequi Panamá and contributed to 50% of Colombia's product initiatives. One of the early designers shaping the product's experience.
- **Innovation Designer at Ecosistema Jaguar**
July 2016 - Mar 2017
- **Design Thinking Tutor at Ruta N**
July 2016 - Oct 2016
- **Service Designer at Blaster**
May 2016 - June 2016
- **Design Researcher & Area Coordinator at Medellín Ciudad Inteligente**
July 2013 - Dec 2015
